A NEW GROCERY .- Cherry street is looklug up-becoming a business street. An- nay, other new family Grocery has been started on Cherry corner of 8th, by DEUBLE & as a rejoinder: STAULER. Our young friends are competent business men and have a fine establishment. We doubt not they will deserve and receive a good share of public patronage, REJECTED THE RECORD. -One of the

scenes at the Second Ward Poll in this city, was this: A voter stated his naturalization stone arched bridge could be built as cheappapers were at a friends some miles distant, ly as a wooden one with stone abutments and the record volume was brought from the Probate office and the fact of his being naturalized established from the record itself. His vote, even then, was rejected, as ling decided that his judgment as to a grade he must have his paper, which of course is not worthy of their adoption; and that was a mere statement of the record.

There is neither law nor honesty in them. We trust never again to be called upon to than a stone one. Therefore be it record such proceedings in Canton. It is easy to gain a victory through the ballot box when one party is excluded from voting.

PIKE TOWNSHIP .-- South of Canton a few miles is the township of Pike, through which runs the beautiful Nimishillen creek, on each side of which is a fertile valley. Back of the valley are rough irregular shaped hills. The soil is all fertile and the hills are full of minerals, chiefly coal. The inhabitants are generally industrious and well disposed. We regret election day or about that time. Of work at a gradual grade on and from west excitement usually bro't about by deto procure votes and hence office, for themselves in this way. No citizen of Pike ever gets office, with all their zeal and work. The wire pullers in the Committee on Ways and Means, and around Canton talk very nice to the denizens of Pike; but 'soft saw- examine the city meters and pipes. der as Sam Slick would say, though
